```sql
select*
from employees
order by last_name;

select*
from employees
order by salary desc;

select *
from employees
where department_id in(60, 90, 110)
order by last_name;
```

```sql
select*
from employees
where first_name like 'D%'
order by last_name
limit 3;

select*
from employees
order by salary
limit 1;
```
